Disclosure Statement: We make available to all of our customers optional products and plans that provide additional protection in connection with the purchase or lease of a vehicle from us. You are not required to buy any of the products in order to obtain your vehicle or financing. Each of these optional products is described in detail in separate documents. Forms, brochures and contracts are available for your review prior to purchase. If you accept, you may pay cash for the plan or it can be financed through your lease or retail installment contract with the approval of the financial institution. The dealership is compensated for providing financial products and services. I agree I have received full disclosure about the terms and costs of the products/plans listed. I assume all liability and hold harmless the dealership as a result of my decision to purchase or not to purchase products or plans.
